GENERAL CONSTRUCTING

General construction services encompass a wide range of activities involved in the construction, renovation, or maintenance of structures. Here are some key services typically offered by general construction companies:

Project Planning and Design: Construction companies work with clients to understand their needs, develop project plans, and create architectural or engineering designs.

Site Preparation: This involves clearing the land, leveling ground, & preparing the site for construction activities.

Building Construction: Construction companies oversee the construction of buildings, including residential, commercial, industrial, or institutional structures. They handle tasks such as foundation laying, structural framing, roofing, flooring, and interior/exterior finishing.

Renovation and Remodeling: Construction firms undertake renovation and remodeling projects to upgrade existing structures. This includes modifications to improve functionality, aesthetics, or energy efficiency.

Plumbing and Electrical Systems: Construction services may include the installation, repair, or modification of plumbing and electrical systems in buildings.

ALL KIND OF BUILDING CONTRACTING & MAINTAINANCE

Building contracting and maintenance services encompass a wide range of activities related to the construction, repair, and upkeep of buildings. Here are various types of services typically offered in building contracting and maintenance:

01

Construction Services

Building contractors undertake new construction projects, including residential, commercial, industrial, or institutional structures. They manage the entire construction process from planning & design to execution and completion.

02

Renovation Service

Contractors specialize in renovating and remodeling existing buildings to improve functionality, aesthetics, and energy efficiency.

03

Painting & Finishing

Contractors provide interior and exterior painting services for buildings. They also offer finishing services such as plastering, drywall installation, wallpapering, and surface refinishing.

04
